Coffee bio:

We are proud to present Kanana Coffee, the flagship brand of NKG India, bringing together the best of India's Arabica. Sourced from carefully selected farms across India's renowned coffee-growing regions, Kanana embodies the country's rich coffee heritage. Our producers, supported through NKG's expertise and partnerships, follow stringent practices in harvesting and post-harvest processing, ensuring clean, consistent, and traceable lots.

With Kanana, every coffee is handled with care at each stage: washed, pulped, fermented, and dried under controlled conditions, delivering excellence in every cup.
